

2024 MOTORSPORTS

Professional rider on a closed course.

YAMAHA MOTORSPORTS

Yamaha Revs Your Heart, it's more than just a brand slogan, it's a mission. A mission to instill the thrill of acceleration, the satisfaction of control, the fun of adventure in every machine we produce. Since our founding, Yamaha Motorsports has sought to create products that excite our customers and exceed their expectations. It's reflected not only in the industry-leading Motorcycles, ATVs and Side-by-Sides we produce, but in the shared experiences and life-long memories of Yamaha enthusiasts everywhere.

YAMAHA MOTORSPORTS ADVENTURE READY

Yamaha Motorsports represents a legacy of excellence honed through competition, perfected on circuits and tracks around the world, and revered by generations of dedicated Yamaha enthusiasts who enjoy exploring their own abilities and finding their own adventures. Whether it's the adrenaline-pumping performance of our Motorcycles, the category-dominating excellence of our ATVs or the rugged, terrain-conquering capabilities of our Side-by-Sides, Yamaha embodies the sense of exploration and fun-loving spirit that makes each ride an unforgettable experience.

YAMAHA DEALERS AND CUSTOMERS SUPPORTING ACCESS TO LAND FOR WORK AND PLAY

The Yamaha Outdoor Access Initiative is dedicated to those who work and play outdoors including, but not limited to, those who rely on off-highway vehicles (OHVs) to ride, camp, hunt or fish.

Supporting the outdoor enthusiast, the Yamaha Outdoor Access Initiative's mission is to provide practical support for efforts that promote safe, responsible use of OHVs, educate the public on proper recreational land use and wildlife conservation practices, and protect appropriate and sustainable access to public lands.

Each quarter, Yamaha accepts applications from non-profit or tax-exempt groups (clubs & associations), public riding areas (local, state and federal), outdoor enthusiast associations and land conservation organizations, and communities with an interest in protecting, improving, expanding and/or maintaining access for safe, responsible and sustainable use by motorized off-road vehicles. Our committee will review each application and award funds to deserving projects.

YAMAHA GENUINE PARTS & ACCESSORIES

When your Yamaha needs scheduled service, maintenance, repair or the perfect accessory, nothing can match the quality and fit of Yamaha Genuine Parts & Accessories. Genuine parts are just that, the same high-quality parts and same proven performance as the original equipment specified for your Yamaha. And when it's time to personalize, Yamaha Genuine Accessories are developed hand-in-hand with the same team of advanced engineers who designed your Yamaha to deliver a level of fit, finish and performance the aftermarket can't match. All come backed by one of the most extensive and rigorous testing programs in the industry to ensure they meet Yamaha's unsurpassed standards for reliability and provide you the peace-of-mind in knowing you've chosen the best equipment for your Yamaha.

Practical Performance

SUPERSPORT ACCESSORIES

YZF-R7 QUICK SHIFTER

The GYTR® Quick Shifter allows for clutch-less upshifts; eliminating the need to come off the throttle. This feature enhances acceleration and reduces chassis movement.

SKU #BEB-E81A0-V0-00

YZF-R1 FENDER ELIMINATOR

The fender eliminator pulls the license plate up close to the tail section for a nice, clean look which is also significantly smaller than the stock setup.

SKU #2CR-F16E0-V0-00

YZF-R1 FRAME SLIDERS

The YZF-R1 Frame Sliders feature a stealthy, all-black design to match the styling of your bike and help minimize frame and body damage in the event of an accidental tip over.

SKU #B5Y-F11D0-V0-00

YZF-R3 INTEGRATED FRAME SLIDERS

The YZF-R3 Integrated Frame Sliders help protect the frame and bodywork against damage in a tip over. Comes in a set of two. Requires no special tools for install.

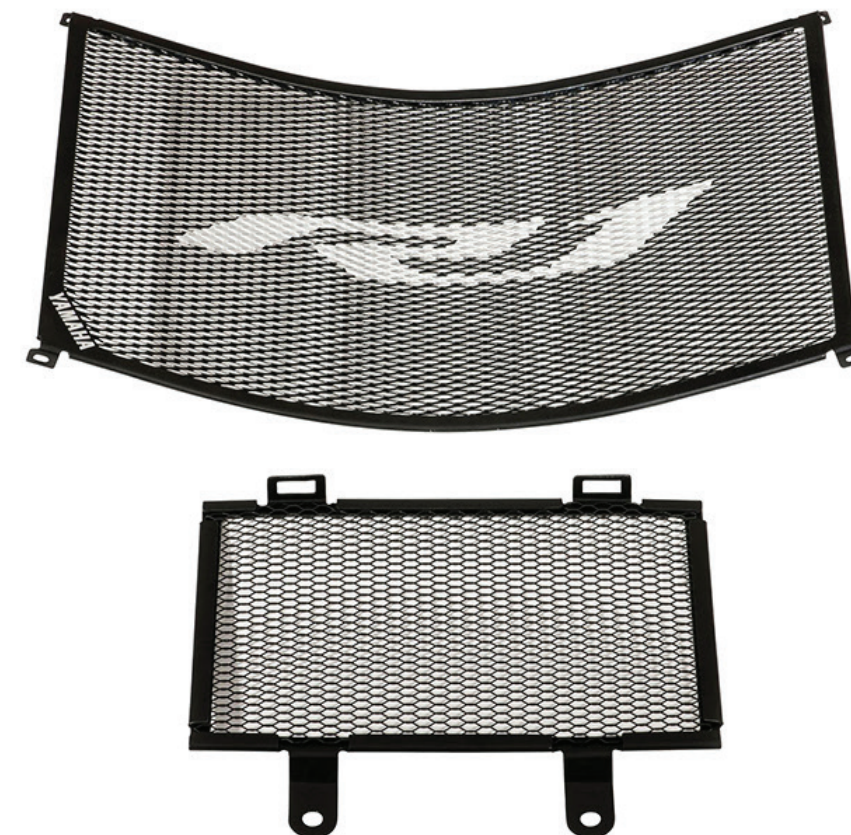

SKU #BS7-F11D0-V0-00

YZF-R1 RADIATOR/ OIL COOLER GUARD

Protects from rocks and other debris which can puncture your radiator or oil cooler causing an expensive repair or a potentially dangerous situation should coolant or oil get on your tires.

SKU #2CR-E24D0-V0-00

HYPERRAW

EXHILARATING PERFORMANCE MEETS DISTINCTIVE STYLE
INSPIRED BY THE JAPANESE STREETS.

Professional riders on a closed course. Japanese domestic models shown. Always wear your helmet, eye protection and protective clothing.

ENGINE TYPE

998cc, liquid-cooled DOHC inline 4-cylinder;

MOTOCROSS ACCESSORIES

GYTR® RADIATOR BRACES

Constructed of lightweight aluminum for an optimized strength-to-weight ratio. Thinner and lighter material is possible due to the rolled edges that provide extra strength. Structural ribs run along the sides of the braces to limit radiator damage from side impact. All required mounting hardware included. No trimming of the plastics is required to install.

SKU #BHR-E24C0-V0-00

GYTR® HYDRAULIC CLUTCH

The GYTR® Hydraulic Clutch Kit is specially tuned to optimize disengagement zone, decrease lever load and minimize maintenance. Self-adjusts to clutch heat and wear in all conditions to eliminate the need for manual clutch lever adjustment.

SKU #BHR-F63A0-V0-00

GYTR® FLYWHEEL

This complete flywheel assembly features an increase in inertia mass that smoothes the power delivery. Helps get power to the ground and keep your momentum up through corners and tricky sections. Easy to install, allowing you the opportunity to change flywheels for different types of riding.

SKU #GYT-5NX97-50-50

GYTR® HIGH-FLOW AIR FILTER

Performance, high-flow, 2-layer foam filter optimizes filtration while maximizing airflow. Filter is washable and reusable.

This accessory is restricted to closed-course competition use.

SKU #BHR-E41C0-V0-00

See inside back cover of this catalog for California Regulations regarding Emission-Related Parts and Accessories for products for closed-course competition use only.

GYTR® YZ125 HIGH PERFORMANCE KIT

The GYTR® YZ125 Performance Kit is a comprehensive bolt-on engine kit developed for racers looking to increase power and improve throttle response while maintaining strict Yamaha reliability standards.

This accessory is restricted to closed-course competition use.

SKU #B4X-E9500-V0-00

WOLVERINE RMAX2 BED RACK

The new Bed Rack fits all Wolverine RMAX2 1000 models. Solid steel construction provides 44% more cargo space above the bed, reinforced whip flag mounts, integrated pod light mounts, and integrated MOLLE pattern for additional side storage.

SKU #B4M-F48A0-V0-00

WOLVERINE BED EXTENDER

The Wolverine Bed Extender fits all 2018 and older models. Solid steel construction provides 8 additional tie down points as well as additional storage area.

SKU #B4J-F84CA-V0-00

WOLVERINE DOOR STORAGE BAGS

The new Wolverine Door Storage Bags provide convenient storage inside your Wolverine's cab. Rugged, water-resistant tarpaulin provides excellent durability. 24 ounce capacity per bag.

SKU #B4J-F17V0-V0-00

SIDE VIEW MIRRORS

Side view mirrors conveniently provide additional views at once. Functional swing to fold in and out for rides or transport.

SKU #B4M-F62A0-V0-00

WOLVERINE WIND DEFLECTOR

The new 3D-formed Half Polycarbonate Wind Deflector provides smooth airflow while complementing the quality look and feel of the Wolverine Side-by-Side lineup.

SKU #B4J-F83M0-V0-00

SPORT ACCESSORIES

REAR GRAB BAR

The Rear Grab Bar is made of special ball-burnished aluminum tube construction. Flag/whip mounting tab is included.

SKU #GYT-1S341-00-BK

SPORT ATV COVER

The Yamaha Sport ATV Cover helps protect your ATV while in storage. Storage bag included.

SKU #18P-F81A0-V0-00

YFZ450R FRONT GRAB BAR

The "Bull Horn" design helps protect the shocks and radiator while offering a large hand hold to maneuver the machine in mud.

SKU #18P-F84L0-S0-00

GYTR® AIR FILTER ADAPTOR PLATE

The GYTR® Billet Air Filter Adaptor Plate is made from 6061-T6 billet aluminum. Allows the use of our GYTR® High Flow Air Filter.

SKU #18P-E41E0-V0-00

GYTR® FRAME GLIDE PLATE

This lightweight, 0.25"-thick polyurethane/plastic construction is much lighter than standard aluminum skid plates and helps protect frame, engine, and chassis components. The plate provides a smooth, slick surface so the ATV can "glide" over track obstacles.

UTILITY **ACCESSORIES**

DUAL ZONE ATV HEATED GRIPS

The Dual Zone ATV Heated Grips by Heat Demon® include heated grips, thumb warmer, and mountable controller that regulates heat between the thumb and grips. Controller offers five levels of heat, has multiple mounting options, and provides LED light level indicators that dim for night time use. Totals 40 watts and draws less than 3 amps. Fits all 7/8" handlebars.

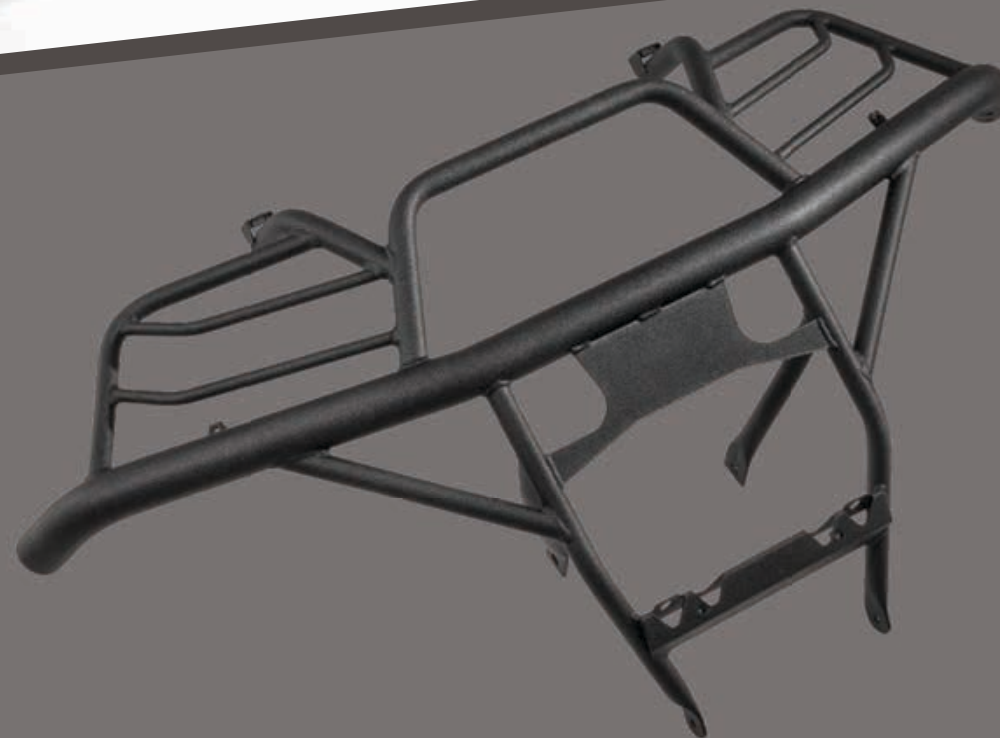

SKU #DBY-ACC56-00-45

ATV WINDSHIELD

Provides generous protection from cold, wind, debris to rider's hands, chest, head for enhanced comfort.

SKU #2UD-F83J0-V0-00

KODIAK FRONT BRUSH GUARD

This rugged Brush Guard is designed to provide additional protection while you're out on the trail. It was designed to seamlessly integrate with the front profile of the Kodiak while adding a tough, aggressive look.

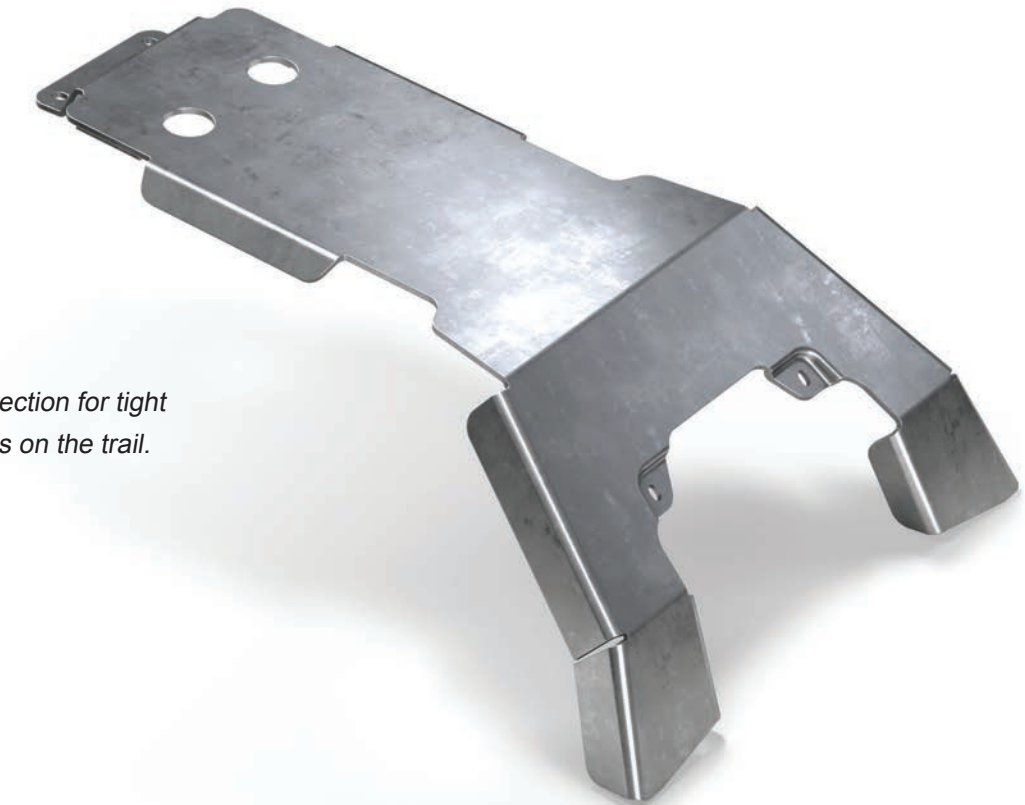

SKU #B5K-F84L0-V0-00

ATV OVERFENDERS

These overfenders feature a tough, aggressive look and a custom formed design that helps protect you from water, mud, and other trail debris.

SKU #B16-F15E0-V1-00

ATV FRONT BASH PLATE

Provides lightweight, durable protection for tight approaches, high stumps, or rocks on the trail.

SKU #B16-F84C0-V0-00

California Regulations Regarding Emission-Related Parts and Accessories

California law regulates on- and off-highway vehicle aftermarket parts that have the potential to impact emissions. California law prohibits the installation, sale, and on- and off-highway use of any emissions related part unless the part is (1) a replacement part, (2) a modified or add-on part that has received an exemption from the California Air Resources Board (“ARB”) or (3) a part installed on a vehicle used exclusively for closed-course competition (i.e., racing).

Replacement Part

A replacement part is generally any aftermarket part intended to replace an original equipment emission related part and which is functionally identical to the original equipment part in all respects that in any way affect emissions.

Modified Part or Add-On Part

A modified part is any aftermarket part intended to replace an original equipment emissions-related part and which is not functionally identical to the original equipment part in all respects that in any way affect emissions. An add-on part is any aftermarket part which is not a modified part or a replacement part.

Closed-Course-Competition Part

A closed-course-competition part is a modified part or add-on part that has not received an exemption from the ARB. A closed-course-competition part may only be sold and installed on a vehicle that is used exclusively for closed-course competition. California dealers selling closed-course-competition parts should maintain records of the sale and/or installation, including the date of sale, purchaser name and address, vehicle information and work performed, if applicable. More information may be obtained at the ARB website - www.arb.ca.gov.

Professional riders depicted on a closed course. Motorcycle Riders: Dress properly for your ride with a helmet, eye protection, riding jacket or long-sleeve shirt, long pants, gloves and boots. Some models shown are modified to a racing specification and intended for closed course circuit use only. Do not drink and ride. It is illegal and dangerous. Yamaha and the Motorcycle Safety Foundation encourage you to ride safely and respect the environment. For further information regarding the MSF course, call 1-800-446-9227. ATV Riders: YFZ50 is recommended for use only by riders 6 years and older and always with adult supervision. Raptor 110 and Grizzly 90 are recommended for use only by riders 10 years and older and always with adult supervision. Raptor 700R/YFZ450R recommended for experienced riders only. All other ATV models shown are recommended for use by riders 16 years and older. Read the Owner's Manual and the product warning labels before operation. ATVs can be hazardous to operate. For your safety: Always avoid paved surfaces. Never ride on public roads. Always wear a helmet, eye protection and protective clothing; never carry passengers; never engage in stunt riding; riding and alcohol/drugs don't mix; avoid excessive speed; and be particularly careful on difficult terrain. Yamaha recommends that all ATV riders take an approved training course. For safety and training information, see your dealer or call the ATV Safety Institute at 1-800-887-2887. Side-by-Side Riders: Models shown are recommended for use only by operators 16 years and older with a valid driver's license. Always wear your seat belt, helmet, eye protection and protective clothing. YXZ1000R is recommended for experienced operators only. For Side-by-Side safety and training information, see your dealer or call the ROHVA at 1-866-267-2751. Some models shown with optional accessories. Vehicle specifications subject to change.
