NOTHING FEELS LIKE A YAMAHA

There's a feeling you get when you race across the water. When you crank the throttle and discover what's out there. When you see friends waiting for you on your favorite beach.

You feel it when you spend the ultimate Saturday with the kids. Or when you take in that beautiful blue weekend sky with that special someone. It's adventure, it's adrenaline, it's excitement. It's what you feel when you're on a Yamaha WaveRunner personal watercraft.

With WaveRunners built for both performance and reliability, you can focus on what you love most on the water. And for true thrill-seekers, our all-new JetBlaster Series offers a whole new way to ride.

Discover the WaveRunner that's right for you, and experience it for yourself. Because, no matter what feeling you're chasing on the water, nothing feels like a Yamaha.

WHY YAMAHA

World class performance: It's not just a personal watercraft. It's a WaveRunner. Built to last season after season with a durable state-of-the-art hull, Yamaha's unique features provide more control and stability to your ride.

Powering your fun on the water: With over 65 years of Yamaha marine heritage, the world's number one marine engine brand is the pinnacle of reliability, durability and performance.

Assembled in the USA: Not a single detail is overlooked in the U.S. manufacturing process of Yamaha WaveRunners. In fact, not a single WaveRunner leaves the manufacturing floor until it passes the industry's highest standard for quality.

True racing pedigree: As the winningest brand in the history of professional PWC endurance racing, Yamaha has secured more National and World Championships than all other PWC brands combined. That commitment to reliability, performance and power is why WaveRunners are born to race.

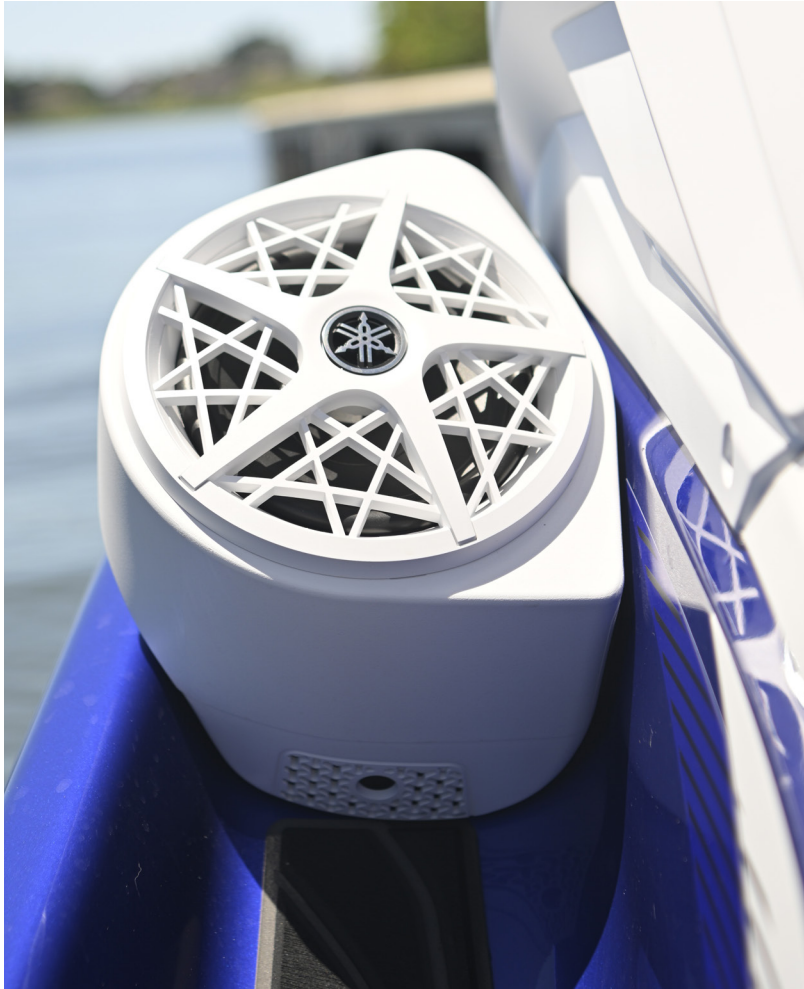

WHAT'S NEXT

Turn it up to eleven: Yamaha will always go the extra mile to bring you the best of what's next, and the new JetBlaster Series is no exception. Introducing four all-new models, engineered with a sleek and lightweight design that gives you the freedom to ride with your own signature style. It's time to ride full blast.

Sound by Yamaha: Yamaha Motor and Yamaha music have come together to deliver an unforgettable experience on the water. For the first time ever, select WaveRunners are equipped with Yamaha speakers for the highest quality in both fidelity and performance.

Connect to your WaveRunner in a whole new way: Improve your ride and enjoy more control with updated features on Yamaha's Connex System. Customize your screens with more vibrant displays and smart new features including Auto Volume Adjust, Drive Control Modes and everything you need to feel more connected to your ride.
