UNMATCHED VERSATILITY AND PERFORMANCE

UT6

The UT6 platform was built from the ground up to deliver class-leading performance, safety, comfort, and technology features to enhance your user experience for work and play. Housing a 567cc engine, this power plant boasts an impressive 44 horsepower. Equipped with four-wheel hydraulic disc brakes, a 1,000-pound bed capacity, and a 2,500-pound towing capacity, the UT6 can tackle the most demanding jobs straight off the showroom floor.

Segway reserves the right to change specifications, models or pricing at any time without incurring obligations.
